PROFILE

Product designer with 10+ years on complex B2B, SaaS and AI products, across developer tools, cybersecurity, computer vision and fintech. I turn technical workflows into clear interfaces, use research and product data to decide what to build, and measure the result in user behavior.

WORK EXPERIENCE

2024 – 2026 **Wix, Tel Aviv** · Senior Product Designer, AI & SaaS

- Lead design of the AI Code Assistant in Wix Studio, used by everyone from no-code creators to experienced developers.
- In an 18-day A/B test with 10.6K new users, it raised Dev Mode adoption by **43%**, code edits by **34%** and live code by **27%**.
- Analyzed funnels, conversation data and 7+ user interviews to find drop-off points and shape the next roadmap.

2021 – 2023 **Datagen** · Product Design Lead

- Led and mentored the design team; owned end-to-end UX for a platform used by computer vision engineers.
- Defined product vision with product, engineering, research, marketing and sales, guided by research and product data.

2019 – 2021 **SafeBreach** · UX/UI Designer

- Designed data-heavy workflows for a complex cybersecurity (BAS) platform.
- Created a new design system and rolled it out with the front-end team.

2018 – 2019 **Juno Journey** · UX/UI Designer

End-to-end design of a social learning platform: dashboards, web and brand identity built from the ground up.

2018 **FinityX** · UX/UI Designer

Sole designer at an early-stage fintech: core dashboard, website, design system and visual identity.

2009 – 2018 **Earlier roles**

Graphic Designer at Fifth Color and Studio Sitton; Photoshop and Illustrator instructor at #Bigidea; painter at Padureanu Gallery.

EDUCATION

2020 **Cognitive Science (UX)** · University of Haifa

2017 – 2018 **Fullstack Developer Certificate** · HackerU

2011 – 2015 **B.A. Visual Communication** · Max Stern Yezreel Valley College
